Challenger® +12

THE SERVICE CONCEPT FOR Challenger® TI AND TI-P MULTI-FIRE CLIP APPLICATORS

With the Challenger Ti/Ti-P you have purchased a minimally invasive precision instrument. We want it to serve you reliably for a long time.

If the service interval is complied with we guarantee its function for the next 12 months.

To ensure reliable functioning we recommend overhaul of the handles and shafts every 12 months.

We offer this service, including function guarantee, for a flat fee, and also offer our customers up-front exchange of applicators if desired. *)

The next service due date can be found on the corresponding handles and shafts in the positions illustrated below.

*) Excluding damage caused by mishandling, overstressing, faulty preparation or falls.
