## Maintenance

### This is how it works ...

- Before you send in your Challenger Ti/Ti-P to Aesculap Technical Services (ATS) in Tuttlingen, you will receive a quality-checked, as good as new Challenger Ti/Ti-P ahead of time in exchange for your Challenger Ti/Ti-P.
- Send your complete Challenger Ti/Ti-P (handle and shaft) to ATS by the recommended maintenance date.
- Your Challenger Ti/Ti-P must arrive at Aesculap **before** expiry of the maintenance period.
- The yearly preventive maintenance is performed at the current fixed price of 175.00 euros per Challenger Ti/Ti-P.

### Your guarantee:

If the first maintenance is performed by the recommended date, the warranty period is extended by a further 12 months to 24 months.

Every further maintenance includes a 12-month warranty starting from the date of maintenance. Aesculap grants 12 months function warranty on the Challenger Ti/Ti-P clip applicator. The maintenance interval is complied with if the Challenger Ti/Ti-P arrives at Aesculap **before** expiry of the maintenance period.

A copy of the sales receipt with date of purchase must be enclosed when asserting a claim under warranty. Aesculap will then repair the defective product or, if necessary, replace it.

**Warranty is excluded in the following instances:**

- Use of third-party manufacturer tools (clip magazines)
- Use of excessive force, damage caused by external influence
- Damage resulting from non-compliance with the instructions for use
- Repair of the Challenger Ti/Ti-P instrument by a third party.
