Possible system configurations

- Internet Explorer from release 7.x, Firefox from release 3.6, Safari from release 4.x, Opera from release 10.x
- Adobe Flash Player from release 9.x
- Javascript must be activated in the internet browser
- For security reasons, the 'Autorun' function is now deactivated in many operating systems. Should the CD-ROM/DVD not start automatically on your computer, you can start the application manually using 'start.html' (if you are using a WEB server to start the application, then do the same accordingly with 'runcd.exe / run CD on MacOS X, etc')
- Depending on the security settings of your browser/Flash Player, it may be necessary to confirm security alerts at start of application.
